Video Editor (AI-Augmented)

Mumbai / Remote India **Rs.50-70K/month (Contractor with full-time conversion potential)** **0+ yrs exp**

SUMMARY

Edit and ship polished AI avatar educational videos, product demos, and social content for global clients with fast turnarounds and high retention focus.

ABOUT THE ROLE

Join a stealth-mode AI company building the future of AI-native organizations. You'll own how our work and our clients' work shows up on screen, from AI avatar educational videos to product demos and social clips. This is an AI-augmented role where traditional editing craft meets cutting-edge AI tools to produce content that keeps viewers engaged from first second to last. If you have a strong portfolio and can ship polished, retention-focused video at speed, this is your chance to shape how the world sees what AI can do.

WHAT YOU'LL NEED

- Portfolio of polished, real-world video work demonstrating quality
- Proficiency in Adobe Premiere Pro, Final Cut Pro, or DaVinci Resolve
- Strong sense of pacing, color, typography, and visual storytelling at benchmark quality (TED Talks, HubSpot, Ali Abdaal, premium SaaS explainers)
- Ability to create motion graphics and titles using After Effects or equivalent
- Experience editing screen recordings, talking-head videos, and product demos
- Fast, reliable execution, takes a brief and delivers with minimal back-and-forth

NICE TO HAVE

- Hands-on experience with AI video tools like HeyGen, ElevenLabs, Descript, Captions, Runway, or Kling
- Experience producing AI avatar educational videos end to end
- Ability to repurpose long-form content into reels and shorts for LinkedIn, Instagram, YouTube
- Experience with transcript-based editing workflows
- Familiarity with Canva and Figma for design work
- Track record of managing organized, version-controlled video content libraries
